Glenn Wilde and Carolyn Jones share a quiet moment together. 4. Not knowing the meaning of "pose", Sam Mazzola and Kathy Bethurum are caught unexpectedly by the camera. 5. Dave Haven and Corine Holihan are often seen together between classes. 6. Sherry Whaley watches as Jim Kimmel is at the difficult task of opening a locker. "Was that 36 left or 36 right?"

CLASS TIME is the time when all the students come together to gather knowledge from their instructors. A variety of classes offer the students an opportunity to discover many diversified areas of study.

1. John Baker and Brent Bonner hold their own discussion group during a wood tech class. 2. Terri McManus gets intrigue from reading a good book. 3. Bill Rau and Brad Kennedy study for a physics test. 4. Roberta Malarkey is all excited dissecting an animal fetus. 5. Pam Van-Y is busy sewing a hem on a new dress. 6. Solita Uribe rests a bit during home economics. 7. Deep in concentration, Steve Seman writes a short story. 8. "Why, Becka, I hope you know what you're mixing!" exclaims Debbie Reid during a chemistry exercise. 9. Students watch Mr. Schrems making pork chops out of a pig fetus. 10. Teachers like Mr. Kralosky have homework just like the students. 11. "Do you want something?" questions Rita Benkert as she handles some money.

Besides expanding their minds in the acquisition of knowledge, the youths of Swan Valley also spend their time in physical activities. Football, basketball, golf, and cross country are all done outside of school time . . . . . hence, OVERTIME! Even though sports and studies are contrasting activities, a sound mind and body help develop the youth of today.

A TIME FOR PEOPLE

The students and teachers of Swan Valley show what this school is made up of . . . . . . PEOPLE. They display their character and whimsical actions to prove what we are . . . . . human, and even humorous! 1. Larry Spear tries to stuff his ponderous gym bag into his skinny locker. All in vain! 2. A few of the students wait for the lunch line to dwindle down. 3. Ugh! sniffs Mr. Rossio, after he discovered a day old limburger cheese sandwich in his brief case. 4. Mrs. Tesauro is caught hitting Ms. Schoen (the one in hiding). Notice how Mrs. Gumina enjoys every minute of it. 5. What kind of mysterious thoughts are running through Carole Houston's head? 6. Steve Zumbrunn decides to wear his gym clothes to chemistry and gets Sue Frank's attention. 7. Is that Ann Wrona? 8. Does Mrs. Schell know where she's going? 9. Mr. Kennelly displays his charm to passersby. 10. Two boys can't decide if their ice cream is any good or not. 11. A group of girls gather in the middle of the hall between classes. 12. Martin Ries and Andy Hooper are doing their homework while Curt LeMay tries to copy. 13. Kim Slabaugh makes an effort to smile.

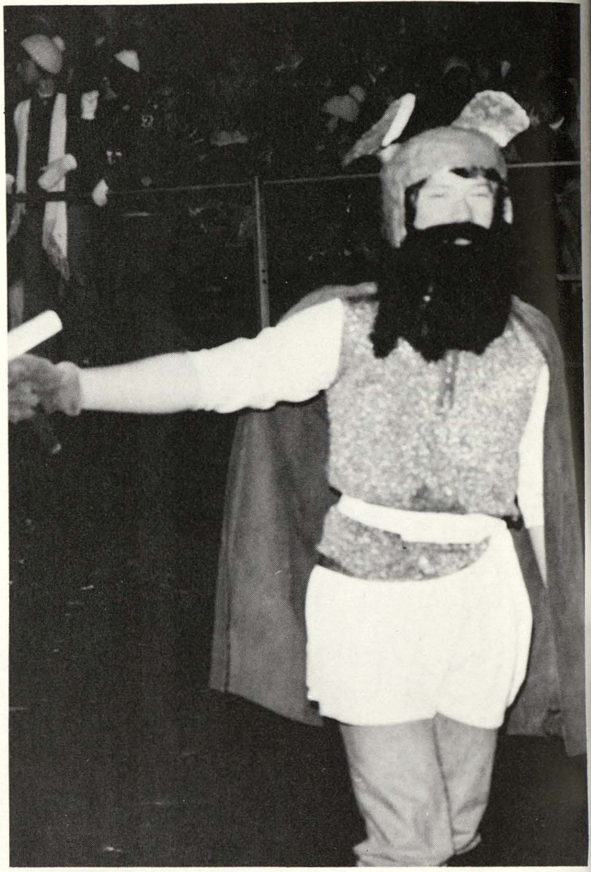
THE VIKING

The Viking,
His search never ending
Reaches out for the knowledge
Of the world and its problems;
His problems.
Conquering what he can,
Losing only what he must,
His search continues
For the answers to the questions
Of his world.

Linda Johnson



Among the many memories that this year has brought are those of football games and school spirit, which seems personified by Randy Hanson as he leads the Viking spectators in a cheer.

Something more concrete that we will take with us are our class rings and the memories of the halls we walked through so many times.

It has been a real pleasure working with these fine athletes this year. We are still in the building process and each year finds more girls interested in basketball. The competition is tough and the girls are learning to be more competitive and striving for excellence. We are sorry to lose our three seniors, Kim Wagner, who has played for three years, and Terry Kelly and Debbie Ernest, who participated this year. JV AND VARSITY GOLF

ROW 1, L-R: Fred Reis, Steve Yockey, Greg Rossi. ROW 2: Mike Sollner, Skip Hillert, Scott Martin, Al Millard, Coach Mike Humphrey.

The Viking Linksmen enjoyed another successful season which included a 2nd place finish in the Mid-Michigan B Conference, a 4th place finish in the regional - which is the highest finish we have had in the regional, and a big victory over Midland High which won the Saginaw Valley championship. Other highlights were a 2nd place finish at the Houghton Lake Invitational and a 13-2 dual meet record.

Greg Rossi and Scott Martin made the Mid-Michigan B All Conference Team, and Steve Yockey set all kinds of new school records. Steve, along with Al Millard, set a new nine hole home course record with a 34 and a new eighteen hole home course record of 71 as he led the team to a new home course record of 387.

Next season's prospects are a little clouded with four of the top average golfers graduating. Coach Reeder has developed some very good JV prospects and hopefully the returning varsity golfers plus those JV's will continue to make the Vikings a power in the MMB.

The 1976 golf team recorded an outstanding season finishing the year with a 12-2 record. Nineteen boys began and finished the season with a good crop of underclassmen, including 3 juniors, 10 sophomores, and 6 freshmen. Thirteen of the nineteen boys managed to qualify for at least one match during the season. Of the regular qualifiers Brad Alcorn led the team with a 44.1 match stroke average, followed closely by Mark Ray with a 44.4 average, Mark Monahan with a 44.7, and Dave DeLong with a 44.8. Freshman Jim Moulton showed a lot of promise with a match average of 45.1. Kirk Gerard and Ed Knudholt, both juniors, held their own with match averages of 45.3 and 46.1 respectively. Randy Rieger highlighted the season with a hole-in-one during a practice round.

With so many returning lettermen the 1977 season looks very bright and the coaches are looking forward to a very successful season next year.

The Vikings captured their third straight Mid-Michigan "B" Conference Title with a 13-1 conference record. The Varsity completed the season with a 20-3 record. The mostly senior team also won the Saginaw Holiday Classic. The Vikings also ended up high in the state rankings, for the third year in a row.

The 1976-77 team will be mostly remembered for its excellent team play and aggressive defense. Many of the team records were broken during the season. The team established a mark of excellence for future teams to strive toward.

There were many fine individual performances throughout the year. Scott Martin, John Schuster, and Matt Eddy provided many fine games while Greg Benjamin, Jim Fricke, Derek Cook, and Steve Zumbrunn added strength and depth to the team. These young men will be missed on the basketball court next season, but their hard work and dedication will give next year's team the desire to be successful.

SWIMMING

Swan Valley's Swim Team finished their season with a 3-8 record. The Vikings looked very impressive winning three consecutive meets and upsetting Ovid Elsie for their first league victory. Hard times fell on the Vikings, however, with defeats by Arthur Hill, Douglas MacArthur, Alma, and Corunna. Nevertheless, the Vikings broke many team records and most of the individual times were bettered.

The future looks very bright with the return of the whole swim team next season. Look for new records to be broken and upsets in the making.

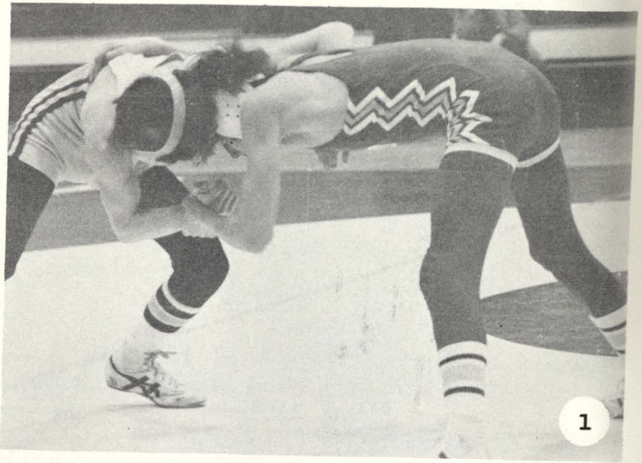
WRESTLING



1

The Swan Valley Wrestling team finished the year with a respectable 9-5 record. Not included in that record were the following finishes in invitational tournaments:

3rd at Birch Run
1st at Bridgeport
1st at Hemlock (Freshman and Sophomores)
4th at Freeland
2nd at County
3rd at Conference

The 76-77 wrestling team showed much promise in the sucessful year because of the fact that there were only two seniors starting. The remainder of the team was composed of underclassmen. We are hoping for good things in the future.

Dave Haven, Chris Swanton, and Tim Flattery accounted for more than 60 individual victories. These three grapplers also qualified for the regional tournament. Chris Swanton also qualified for the state tournament. On behalf of Coach Kralosky and myself, we would like to say congratulations for the year, but we are expecting vast improvement for next year from the Viking wrestlers.

The season was rewarding in many ways. We met some good competition and found we could play even with them. It was a year of experimenting with more advanced techniques and getting the most our of individual talents. Considering we have six returning juniors-our 1978 season should have a good foundation. Our conference varsity record was 9 - 5 and we finished third in the league. The J.V. had an excellent season, finishing first in the league with a 13 and 1 record-their talents should provide good support for next year's varsity.

SPIRIT WEEK

During the summer of '76 Holly Schomaker was an exchange student to Sweden. Pictured above are Holly and her Swedish family. Left to right are Holly, Peter, Kristin, Ingrid Bengt, Niklas, and Asa Stenlund.

Our seniors make many sacrifices for SVHS. On Slave Day they lose their identity for the sake of their class. At an annual Big Mac Eating Contest sponsored by McDonalds they gorge themselves for the glory of Swan Valley. 2. Lynette Hirschenberger could easily sing "I'm a clown; I'm a clown" on Slave Day. 3. It's a tomato; it's a potato! No, it's "SUPER PICKLE" Judy Doepker! 4. Derek Cook devours a Big Mac as he represents our school at the Big Mac Eating Contest.

Slave Day, a traditional part of Spirit Week, finds these members of the senior class in a wide variety of attire. 1. It's an upward climb at Swan Valley for Bill Rau, who is equipped to face the cold weather. 2. Debbie Ernest recovers from battle fatigue after a grueling hour in chemistry class. 3. Swan Valley's candidate for the chorus line is Steve Zumbrunn. 4. "Baby" Gary Guymer clings to Terri Kamsickas, who should stay afloat if she falls in the swimming pool.

THE YEAR IN RETROSPECT

Politics

During November 1976, the United States saw one of the closest elections in history. Former President Gerald Ford, who had been appointed to the Presidency when President Nixon resigned, lost a very close race to Jimmy Carter. Carter was virtually unknown when he started campaigning for the office of the Presidency four years ago. The final election returns were very close, with Carter winning by a very narrow margin.

Since his inauguration, President Carter has tried to keep in touch with the people and their needs. He has held "fireside chats" over national TV, talking to the people primarily about his foreign policy and the energy crisis. He has asked Congress for several measure to help conserve energy.

From our state, Donald Reigle was elected Senator to fill the vacancy when Senator Philip Hart died.

Locally, Thomas Woods Jr. was removed from his position as supervisor in Saginaw Township by a special vote held in May. As of this writing, no new supervisor has been named although both the Republican and Democratic parties have possible new men for the job.

Sports

During the 1976 Summer Olympic, the world was astounded by the performances of 14-year-old Nadia Comaneci. This young gymnast was able to score seven perfect scores in her various gymnastic skills.

The U.S. was proud of the record set in the Decathlon by Bruce Jenner. The swimmers from the U.S. won 13 gold medals.

The Indianapolis 500 had two firsts this year. Janet Guthrie became the first woman to qualify for the race. The winner of the race A.J. Foyt is now the only driver to have held this title four times.

Closer to home, the Saginaw Gears came out victorious in the playoffs to win the coveted Turner Cup.

Weather

Weather has caused many problems for many parts of the nation during the past year. Drought has hit large portions of the West where water rationing has been put into effect because of the severe shortage. Michigan experienced its coldest winter on record.

Courts

The eyes of the nation were turned toward Utah as a battle was waged between the courts and Gary Gilmore. Gilmore, a convicted killer, had been sentenced to die, but the question of whether or not it would be constitutional to put a man to death held up his execution. After five months of deliberation, Gary Gilmore was executed by firing squad on January 17, 1977.

The Patricia Hearst trial found her guilty on federal charges of armed robbery and of using a firearm in the commission of a felony. She was released to the custody of her parents pending appeal of her federal conviction, She still faces other charges in California.

The Karen Quinlan case made news again when the New Jersey Supreme Court ruled that her parents had the right to seek a physician who would agree to disconnect life-sustaining equipment. When the machinery was removed in May 1976, Karen Quinlan did not die and is still alive now.

Science

Science made progress last summer when the Viking I landed on Mars after an 11 month journey from earth. Pictures sent back by the space craft gave space scientists an idea of the land formations of that planet. From these pictures it was determined that no life exists on the planet.

Economy

Inflation has continued to plague the nation as the cost of living contiues to rise each month. Coffee prices have been in the news almost continuously for the past year. Wholesale coffee prices reached a high of $4.00 per pound and many people have boycotted coffee completely. Within the first weeks of June the price of coffee began to fall very gradually. The price of gasoline has risen approximately five cents a gallon and is expected to go even higher.
